1. INTRODUCTION

1.1 PURPOSE AND BACKGROUND

The Washington Department of Commerce, hereafter called "COMMERCE," is initiating this Request for Proposals (RFP) for rebate program administrative services. COMMERCE seeks to secure professional services to implement two federal grant programs under Sections 50121 and 50122 of the 2022 Inflation Reduction Act (IRA). These grant programs are known as the Home Efficiency Rebates (HOMES) and Home Electrification and Appliance Rebates (HEAR) programs authorized by the Inflation Reduction Act. The HOMES program provides rebates for whole-house energy-saving retrofits; The HEAR program provides rebates for electric appliances including water and space heating equipment. Washington has been allocated \$166million+ for these programs and has budgeted \$150,018,400 (\$14 million for administrative costs and \$136,018,400 million directly for rebate and incentive payments) to implement these programs and provide rebates from 1/1/2025 until 9/30/2031.

The federal government requires at least 40.8% of funds from both programs be distributed to low-income households and an additional 10% of funds to low-income multifamily buildings. In addition, the federal government's Justice40 initiative directs at least 40% of the benefits of these programs serve "disadvantaged communities", hereafter referred to as "overburdened communities", as defined by the [Office of Financial Management](#). COMMERCE aims to meet these targets. In order to achieve its equity goals, COMMERCE set the following priorities for the design and implementation of the HOMES and HEAR programs:

- Ensure equitable access to HOMES and HEAR benefits, with at least 40.8% of rebates paid to households below 80% AMI and 10% of rebates paid to low-income multifamily building projects.
- Leverage all available incentives and loan programs to reduce out-of-pocket and total cost to participants.
- Coordinate with organizations currently providing efficiency and electrification services to leverage existing infrastructure and knowledge.
- Focus incentives on reducing the energy burden of participating households.
- Engage in activities that will promote long-term, structural changes in the efficiency and electrification supply chains, including expand production of low-cost, energy and water-efficient electric technologies; increase the number of qualified HVAC technicians and electricians across the State, especially from and serving disadvantaged communities; and enhance statewide coordination among organizations providing efficiency funding and services.

The primary objective of this solicitation is to engage the services of an experienced qualified entity to implement HOMES and HEAR, starting as soon as COMMERCE receives approval from the Department of Energy and continuing until funds are fully utilized, or September 30, 2031, whichever comes first.

The successful bidder will work collaboratively with COMMERCE to design the HOMES and HEAR program interface, deploy the programs, engage stakeholders and households and ensure compliance with all federal and state requirements.

COMMERCE intends to award *one* contract to provide the services described in this RFP.

The Director of COMMERCE will be notified of all complaints and will be provided a copy of COMMERCE'S response. The complaint may not be raised again during the protest period. COMMERCE'S action or inaction in response to the complaint is final. There is no appeal process.

2.11 RESPONSIVENESS

All Proposals will be reviewed by the RFP Coordinator to determine compliance with administrative requirements and instructions specified in this RFP. The Proposer is specifically notified that failure to comply with any part of this RFP may result in disqualification of the Proposal as incomplete and/or non-responsive.

Disqualified Proposers will be notified at or about the time of disqualification.

Disqualified Proposers will be informed of the reason for disqualification; this shall constitute a debriefing conference for the purposes of Section 4.6, Protest Procedure.

COMMERCE reserves the right at its sole discretion to waive minor administrative irregularities.

2.12 MOST FAVORABLE TERMS

COMMERCE reserves the right to make an award without further discussion of the Proposal submitted. Therefore, the proposal should be submitted initially on the most favorable terms which the Proposer can propose. There will be no best and final offer procedure. COMMERCE reserves the right to contact a Proposer for clarification of its Proposal.

The Apparent Successful Contractor should be prepared to accept this RFP for incorporation into a contract resulting from this RFP. Contract negotiations may incorporate some, or all, of the Proposer's Proposal. The Proposal will become a part of the official procurement file on this matter without obligation to COMMERCE.

2.13 CONTRACT GENERAL TERMS & CONDITIONS

The Apparent Successful Contractor will be expected to enter into a contract which is substantially the same as the example contract and its general terms and conditions attached as Exhibit H. This sample contract is for information and review only and should not be returned with your Proposal. The Apparent Successful Contractor may accept the terms and condition as is. In no event is a Proposer to submit its own standard contract terms and conditions in response to this RFP. COMMERCE will not be liable for any costs incurred by the Proposer in preparation of a Proposal submitted in response to this RFP, travel to or conduct of a presentation, or any other activities related to responding to this RFP.

2.15 NO OBLIGATION TO CONTRACT

This RFP does not obligate the state of Washington or COMMERCE to contract for services specified herein.

2.16 REJECTION OF PROPOSALS

COMMERCE reserves the right at its sole discretion to reject any and all Proposals received without penalty and not to issue a contract as a result of this RFP.

2.17 COMMITMENT OF FUNDS

The Director of COMMERCE or delegate is the only individual who may legally commit COMMERCE to the expenditures of funds for a contract resulting from this RFP. No services may begin and no cost chargeable to the proposed contract may be incurred before receipt of a fully executed contract.

2.18 ELECTRONIC PAYMENT

The state of Washington prefers to utilize electronic payment in its transactions. The successful Contractor must have or obtain a Statewide Vendor Number (SWV) from the Office of Financial Management to be paid by COMMERCE. For more information, visit: www.ofm.wa.gov.

The Contractor is to furnish COMMERCE with a certificate(s) of insurance executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth within the contract if requested.

The Contractor shall, at its own expense, obtain and keep in force insurance coverage which shall be maintained in full force and effect during the term of the contract. The Contractor shall furnish evidence in the form of a Certificate of Insurance that insurance shall be provided, and, if requested, a copy shall be forwarded to COMMERCE within fifteen (15) days of the contract effective date. The total amount proposed must not exceed the amount specified in Section 1.4 to be considered responsive to this RFP. The proposal budget must be broken out to reflect the budget categories and tranches reflected in the Implementer Cost Categories Budget.

The evaluation process is designed to award this procurement not necessarily to the Proposer of least cost, but rather to the Proposer whose Proposal best meets the requirements of this RFP. However, Proposers are encouraged to submit Proposals which are consistent with state government efforts to conserve resources.

Identification of Costs (MANDATORY)

Identify all costs in U.S. dollars including expenses to be charged for performing the services necessary to accomplish the objectives of the contract. The Proposer is to submit a fully detailed budget including staff costs and any expenses necessary to accomplish the tasks and to produce the deliverables under the contract. Proposers are required to collect and pay Washington state sales and use taxes if applicable.

Costs for work to be completed by subcontractors are to be broken out separately.

4. EVALUATION AND CONTRACT AWARD

4.1 EVALUATION PROCEDURE

Responsive Proposals will be evaluated strictly in accordance with the requirements stated in this RFP and any addenda issued. The evaluation of Proposals will be accomplished by one or more evaluation team(s) designated by COMMERCE, which will determine the ranking of the proposals.

COMMERCE, in its sole discretion, may elect to invite top-scoring Proposers as finalists for a virtual presentation or interview.

The RFP Coordinator may contact the Proposer for clarification of any portion of their Proposal. Proposers are not permitted to submit, resubmit, correct, or change any materials of any kind after the date and time stated in Section 2.6 SUBMISSION OF PROPOSALS.

4.2 EVALUATION BREAKDOWN

The following weighting will be assigned to each proposal section for evaluation purposes. Subsections may or may not be of equal weight.

Technical Proposal – 70%

- Project Approach/Methodology
- Work Plan
- Project Schedule
- Outcome and Performance Measurement
- Risks
- Deliverables

Management Proposal – 30%

- Project Team Structure
- Internal Controls
- Staff Qualifications and Experience

Workers' Rights Certification –Those Proposers that certify they **do not** require their employees to sign an individual arbitration clause as a condition of employment will receive an extra 5% of their awarded points added to their final score (see Exhibit C).

In the event of a tie for the two highest scoring evaluated proposals, the proposal with the lower total amount in their Cost Proposal will receive one additional point.

COMMERCE reserves the right to award the contract to the Proposer whose Proposal is deemed to be in the best interest of COMMERCE and the state of Washington. See also Section 1.5 MANDATORY AWARD TO SMALL OR VETERAN-OWNED BUSINESS.

4.3 VIRTUAL PRESENTATIONS MAY BE REQUIRED

After evaluating the written proposals COMMERCE may elect to schedule virtual presentations or interviews of top-scoring Proposers. If so, COMMERCE will contact the top-scoring Proposers from the written evaluation to schedule a date and time to meet on a platform such as Zoom or Microsoft Teams. Any commitments made by the Proposer during a virtual presentation or interview will be considered binding.

The scores from the written evaluation and the virtual presentation combined together will determine the Apparent Successful Contractor.

4.4 NOTIFICATION TO PROPOSERS

COMMERCE will notify the Apparent Successful Contractor(s) of their selection in writing upon completion of the evaluation process. Proposers who were not selected for further negotiation or award will be notified separately. Notification may also be made to the COMMERCE public website, Washington Electronic Business Solution (WEBS), or other publicly accessible locations.

4.5 DEBRIEFING OF UNSUCCESSFUL PROPOSERS

Any Proposer who has submitted a Proposal and received notice that they were not selected for contract negotiation may request a debriefing. The request for a debriefing conference must be received by the RFP Coordinator within three (3) business days after the Unsuccessful Proposer Notification is e-mailed to the Proposer. The debriefing must be scheduled within three (3) business days of the request.

Discussion at the debriefing conference is strictly limited to the following:

- Evaluation and scoring of that Proposer's Proposal;
- Any written comments from evaluators related to that Proposer;
- Review of Proposer's final score in comparison with the other final scores **without** identifying the other Proposers or reviewing their Proposals.

Comparisons between Proposals or evaluations of the other Proposals is not allowed. COMMERCE will not discuss any items other than the three bullet points above. Debriefing conferences may be conducted on the telephone or by other electronic means and will be scheduled for a maximum of thirty (30) minutes. COMMERCE reserves the right to end a debriefing for any reason.

4.6 PROTEST PROCEDURE

Protests may be filed only by Proposers who submitted a response to this RFP and who have participated in a debriefing conference. Upon completing the debriefing conference, the Proposer is allowed five (5) business days to file a protest with the RFP Coordinator. Protests must be received by the RFP Coordinator no later than 5:00pm Pacific time on the fifth business day following the debriefing. Protests must be submitted by email. Proposers may choose to copy COMMERCE'S Central Contracts Office at centralcontracts@commerce.wa.gov. Do not copy any other COMMERCE staff.

Proposers protesting this RFP shall follow the procedures described below. Protests that do not follow these procedures will not be considered. This protest procedure constitutes the sole administrative remedy available to Proposers under this RFP.

All protests must be in writing, addressed to the RFP Coordinator, and signed by the protesting party or an authorized agent. The protest must state the RFP number, the grounds for the protest from the list below with specific facts, and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination, or conflict of interest on the part of an evaluator;
- Errors in computing the score;
- Non-compliance with procedures described in this RFP or COMMERCE policy.

Protests not based on procedural matters will not be considered. Protests will be dismissed as without merit if they address issues such as an evaluator's professional judgment on the quality of a proposal, or COMMERCE'S assessment of its own and/or other agencies' needs or requirements.

Scores received are not a valid basis of protest and will be dismissed as without merit unless included with facts supporting bias, discrimination, or conflict of interest on the part of an evaluator.

Upon receipt of a protest, a protest review will be held by COMMERCE. COMMERCE'S Chief Contracts Officer, or other employee delegated by the Director who was not involved in the award process, will consider the record along with all available facts and issue a decision within ten (10) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may directly impact the actual interest of another Proposer, such Proposer may be given an opportunity to submit its views and any relevant information on the protest.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold COMMERCE'S action; or
- Find only technical or harmless errors in COMMERCE'S process and determine COMMERCE to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide COMMERCE options which may include:
 - Correct the error(s) and re-evaluate all proposals, or
 - Cancel this RFP and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If COMMERCE does not find merit in the protest, COMMERCE may enter into a contract with the Apparent Successful Contractor(s). If the protest is determined to have merit, one of the options above will be taken.

The Contractor must ensure that all employees and Subcontractors who will have access to the Data described in this Agreement (including employees who will use the Data and IT or other support staff) are instructed and made aware of the use restrictions and protection requirements of this Agreement before gaining access to the Data identified herein. The Contractor will also instruct and make any new employee aware of the use restrictions and protection requirements of this Agreement before they gain access to the Data.

The Contractor will ensure that each employee and Subcontractor who will access Data and/or Confidential Information signs an exact copy of the Non-Disclosure Agreement included below. Contractor may include both the Permissible Use and the Data Security Requirements under the same audit, or under separate audits. The term, "independent third-party" as referenced in this section means an outside auditor that is an independent, fully licensed auditing firm.

Data Security audits must demonstrate compliance with Data Security standards adopted by the WaTech, and COMMERCE. At a minimum, audit(s) must determine whether Data Security policies, procedures, and controls are in place to ensure compliance with all Data Security Requirements set forth herein and as required by state and federal law.

COMMERCE may monitor, investigate, and audit the use of Personal Information received by Contractor through this Agreement. The monitoring and investigating may include the act of introducing data containing unique but false information (commonly referred to as "salting" or "seeding") that can be used later to identify inappropriate use or disclosure of Data.

The Contractor will notify COMMERCE of any and all Breaches and possible Breaches as soon as practicable upon discovery, or within one (1) business day, whichever is sooner.

If the Contractor does not have full details about the Breach, it will report what information it has and provide full details within fifteen (15) business days of discovery. To the extent possible, the initial report must include:

The Contractor must also take actions to mitigate the risk of loss and comply with any notification or other requirements imposed by law or COMMERCE.

If notification to individuals must be made, in the sole judgment of COMMERCE, the Contractor will fully cooperate and facilitate notification to required parties, which may include notification to affected individuals, the media, the Attorney General's Office, or other authorities based on applicable law.

At COMMERCE's discretion, Contractor may be required to directly fulfill notification requirements, or if COMMERCE elects to perform these notifications, Contractor must reimburse COMMERCE for all associated costs.

Contractor is responsible for all costs incurred in connection with a security incident, privacy breach, or potential compromise of Data, including:
